- ❑ Behind the meter

# About Us

Our Mission at HSI Solar is to deliver comprehensive on-site renewable energy solutions that add accretive financial value using existing under-performing or non-performing real estate to reduce a customer's recurring electrical consumption and supplement the electricity purchased from the grid.

HSI offers the following renewable energy solutions:

- \*Solar PV (ground, roof, carports)
- \*Wind
- \*Microgrids and BESS
- \*Tax Equity Financed Solutions
- \*Solar Lighting
- \*EV Charging

We prioritize understanding our customers to deliver turnkey energy solutions.
